

HUMAN RIGHTS COMMITTEE

P O BOX 79051 SENDERWOOD 2145

January 1976

Despite a gloomy, rainy day, December 16 was a highlight in the lives of 200 children of people banned, detained, imprisoned and exiled for their opposition to the nationalist government.

The children, blissfully unaware of numerous behind-scenes disasters (wet firewood, insufficient presents and snapped roasting spit) enjoyed the mounds of food, sweets, fruit and salads. They took advantage of breaks in the downpour to kick balls around on the spacious lawns of the Wilgespruit Fellowship Centre. After lunch, a cartoon film was shown for those who wanted to watch.

The Human Rights Committee are pleased to have held the party as a sign of solidarity with the families of the children, all people who have made sacrifices in the struggle for Human Rights.

We wish to thank you for your kind donation which made this party possible.

Yours faithfully,

Sheila Weinberg, Secretary
HUMAN RIGHTS COMMITTEE
