

IN THE KHAMPEPE COMMISSION OF INQUIRY

In the matter concerning the Truth and Reconciliation Commission and matters falling within the Commission Terms of Reference pertaining to **KZN/smb/104/sb**

SUPPLEMENTARY STATEMENT OF MR MBUYISELO ALBERT BOTHA

1. I, the undersigned,

MBUYISELO ALBERT BOTHA

state under oath as follows:

A. INTRODUCTION AND PURPOSE OF THIS SUPPLEMENTARY STATEMENT

2. I am the Deputy Chairperson of the Board of the Khulumani Support Group ("Khulumani").
3. I previously provided a statement to this Commission setting out Khulumani's position concerning the closed and confined list of victims for purposes of reparations, the continuing exclusion of survivors, the evidence maintained by Khulumani concerning those survivors, and Khulumani's representations concerning item 1.4 of the Commission's Terms of Reference.
4. I make this supplementary statement pursuant to the Commission's permission to place further evidence before it.

industrial action was aimed at protesting for better living salaries from R80 to R300 and against the ongoing exploitation of employees.

9. One of the employees and leaders of that industrial action was Mr Lenning Mkhwane (**"Mr Makhiwane"**) whose affidavit is attached herein as **"Annexure SA1"**.
10. Mr Makhiwane gives an account of events in relation to the events of the 1987 industrial action and the failed and/or ignored attempts of the Zamdela/ Sasol victims and their families in obtaining justice.
11. About 76 protesting workers were killed during the industrial action. They were killed by members of the South African Police and Inkata Freedom Party members that were allegedly co-opted by SASOL and NATREF to execute violence against the employees.
12. A further list of other protesters who were killed is attached herein and marked Annexure **"SA2"**.
13. One of the victims who were killed during that industrial action is Mr Ndikho Marhume (**"Ndikho"**). After his killing Mr Makhiwane approached the Sasolburg Police Station as an attempt to open a criminal case against the police.
14. Mr Makhiwane was met with resistance from the police against opening the case. He ultimately left the police station without opening the case. This is one many examples of the instances that began this long process of seeking justice.
15. Post 1994 Mr Makhiwane persisted with seeking justice for those victims who were killed during the protest, including writing to the then President Mr Nelson

Handwritten signature and initials, possibly reading 'A. MK'.

Mandela in 1996 and the former Premier of the Free State Ms Ivy Matsepe-Kasaburri, in addition to appearing before the 1996 TRC Commission, wherein he provided his account as a witness of events during the killing of protesting workers.

16. After his testimony at the 1996 TRC, Mr Makhiwane was advised by the Commission that there would be further contact and engagements with Zamdela/Sasolburg victims. This never happened.

C. KHULUMANI'S ROLE AND HOW THE ZAMDELA/SASOLBURG VICTIMS CAME TO ITS ATTENTION

17. Khulumani has for many years encountered survivors and victims of the Apartheid Regimes crimes whose lived experiences were not considered or fully ventilated to completion by the 1996 TRC Commission process.
18. The existence of the Zamdela/Sasolburg victims came to Khulumani's attention against this background.
19. When this Commission was established the Zamdela/Sasolburg victims also sought to have their plight heard with the hope of ultimately obtaining justice.
20. Khulumani thereafter facilitated engagement with members of the Zamdela/Sasolburg victims so that their experiences and the documentary evidence relating to their attempts to obtain justice and redress could be considered within the scope of the mandate of this Commission.
21. The crimes against Zamdela/Khulamni victims warrant an investigation and consideration because there is evidence that the affected persons had repeatedly

attempted to bring their circumstances to the attention of public institutions. See Annexure “**SA3**” for the statement prepared by Dr. Marjorie Jobson on the various institutions approach for justiciable redress.

22. Once Khulumani became involved, it became apparent that the victim’s history was not confined to oral recollections only, as there is a trail of documentary evidence involving correspondence with public authorities and, importantly, records relating to an approach to the TRC.

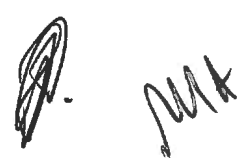

D. THE ZAMDELA/SASOLBURG VICTIMS BEFORE THE 1996 TRC

23. Khulumani subsequently became aware that the crimes against Zamdela/Sasolburg victims had been brought to the attention of the 1996 TRC.

24. The documentary material presently available identifies frustrations of the victims that date as far back as 8 May 1998 with the 1996 TRC under reference **KZN/smb/104/sb of the 1996 TRC**. The list of correspondences is attached as annexure “**SA4**”.

25. As it appears on annexure “SA4” the matter was not merely a historical complaint which emerged decades later, but a continuous pursuit for justice that started with the 1996 TRC and raised with different presidents of South Africa. In 2010 the President’s office went as far as committing that it will take up the matter with relevant authorities. Nothing came out of that promise.

26. There is a contemporaneous documentary indicating that the matter was brought before the 1996 TRC and was allocated a specific reference.

Two handwritten signatures in black ink are located at the bottom right of the page. The first signature is a stylized, cursive 'P' followed by a dot. The second signature is a more fluid, cursive 'M' followed by a dot.

27. Mr Makhiwane, whose affidavit is annexed here has placed evidence on behalf of the Zamdela/Sasolburg victims before the 1996 TRC.

28. His affidavit records his approach to the 1996 TRC and the communication which he sent accompanied by a list of injured and deceased workers¹ which he recalls in correspondence dated 8 May 1998 bearing reference **KZN/smb/104/sb**.

29. Mr Makhiwane has also asked that the original 1996 TRC communication, accompanying this list and complete 1996 TRC file be obtained from the 1996 TRC archives so that the history can be independently established from the primary records.

30. I do not ask that my evidence substitute that of Mr Makhiwane concerning matters within his personal knowledge, as I also do not ask that an interpretation of the contents of the 1996 TRC file be undertaken where the original records reside, and once located, can speak for themselves plainly.

31. The relevance for Khulumani is that the documentary trail establishes that existence of the victims were placed before the 1996 TRC and that there was no investigation, reparations nor any justice despite the evidence of the information being placed before the 1996 TRC.

E. POST 1996 TRC AND KHULUMANI'S ROLE IN PRESERVING THE EVIDENCE

32. Once the Zamdela/Sasolburg victims came to Khulumani's attention, Khulumani assisted in compiling the available information concerning the group's history,

¹ *Supra*, paragraph 12, "SA2"

Handwritten signature and initials in the bottom right corner of the page.

44. The experience of Zamdela/Sasolburg victims is illustrative of a wider societal concern - that a significant number of victims were not brought into the reparations process and that the TRC itself subsequently acknowledged difficulties with its closed-list policy.
45. The Zamdela/Sasolburg victims provide a concrete example of a group of people whose members, being living victims, continue to seek justice and redress, and whose historic accounts did not make it into the 1996 TRC process. This Commission provides a window of opportunity for such historic oversight to be corrected and a sense of real justice achieved.
46. Their experience therefore provides an identifiable example against which the broader evidence concerning unresolved 1996 TRC accounts can be considered, and most importantly, the victims be known to this Commission through Khulumani's continuing work with survivors.
47. Khulumani therefore considers its evidence concerning the group to form part of the broader evidentiary picture which it has placed before the Commission concerning survivors whose experiences were not brought to completion.

H. THE TERMS OF REFERENCE

48. I understand that the Commission must confine its findings and recommendations to matters falling within its Terms of Reference, therefore Khulumani does not ask the Commission to enlarge those Terms of Reference.

Handwritten signature and initials in black ink, located at the bottom right of the page.

49. Khulumani also does not ask the Commission to retry the events of 1987, and this is because the relevance of the Zamdela/Sasolburg victim's material is directed to the history of what happened after affected persons sought institutional assistance and reparations after their accounts entered the 1996 TRC process.

50. The documentary record may assist the Commission in determining what happened to that matter after it was brought to the attention of the 1996 TRC.

51. The evidence may also assist the Commission in understanding the practical consequences of unresolved 1996 TRC matters to affected persons, and in that sense, Khulumani considers the Zamdela/Sasolburg victim's experience to be an illustrative case study rather than a new substantive matter for adjudication by the Commission.

I. RELATION TO ITEM 1.4

52. Khulumani has already submitted that the question of what is "appropriate" under item 1.4 cannot be considered in isolation from the position of survivors who remain without reparations.

53. The Zamdela/Sasolburg history provides one concrete example of the continuing consequences of unresolved claims for justice and redress.

54. Khulumani therefore considers that the evidence may assist the Commission in considering the broader question of fairness arising under item 1.4.

Handwritten signature and initials in the bottom right corner of the page.

J. CONCLUSION

55. I respectfully leave it to the wisdom of the Commission to determine the weight and relevance of the evidence and information we have provided.

MBUYISELO ALBERT BOTHA

I CERTIFY THAT THIS AFFIDAVIT WAS SIGNED AND SWORN TO BEFORE ME AT PRETORIA ON THIS 3RD DAY OF SEPTEMBER 2026, BY THE DEPENDENT WHO ACKNOWLEDGED THAT HE KNOWS AND UNDERSTANDS THE CONTENTS OF THIS AFFIDAVIT, HAVE NO QUESTION TO TAKING THIS OATH, CONSIDERED THIS OATH TO BE BINDING ON HIS CONSCIENCE AND EHO UTTERED THE FOLLOWING WORDS: "I SWEAR THAT THE CONTENTS OF THIS AFFIDAVIT ARE TRUE, SO HELP ME GOD".

Dr Jan Gerhardus Swanepoel - VDM

COMMISSIONER OF OATHS

FULL NAMES: JAN GERHARDUS SWANEPOEL.

DESIGNATION: MARRIAGE OFFICE

PLACE: PRETORIA.

"SA1"

IN THE KHAMPEPE COMMISSION OF INQUIRY

In the matter concerning the Truth and Reconciliation Commission and matters falling within the Commission's Terms of Reference

AFFIDAVIT OF LENNING MAKHIWANE

I, the undersigned,

LENNING MAKHIWANE

do hereby make oath and state as follows:

A. INTRODUCTION

1. I am an adult male and a former worker who was directly involved in the events concerning which I make this affidavit.
2. The facts contained in this affidavit are, unless the context indicates otherwise, within my personal knowledge and are, to the best of my knowledge and belief, both true and correct.
3. Where I refer to information obtained from other persons, from public announcements, from correspondence or from documents, I identify the source as best I can.
4. I make this affidavit concerning the events of 1987, the subsequent attempts by myself and other affected workers to obtain justice and redress, our attempts to report the crimes to the police and other organs of State, our approach to the then President Nelson Mandela and the Free State Premier, and our subsequent approach to the Truth and Reconciliation Commission ("the TRC").
5. I understand that the present Commission is concerned, amongst other matters, with the unfinished business of the TRC and with circumstances in which matters arising from the TRC process were not properly investigated, prosecuted or otherwise brought to completion.
6. I accordingly place before the Commission the evidence within my knowledge concerning our attempts to obtain justice and, in particular, the history of the matter which was subsequently allocated the TRC reference KZN/smb/104/sb.

B. MY ROLE

7. I was involved with the workers affected by the events of 1987.
8. I became the person who undertook much of the correspondence on behalf of the workers.
9. I was the person who wrote to authorities setting out what had happened to us and asking for assistance and justice.
10. I therefore have personal knowledge of the correspondence which I sent and of the attempts which I made on behalf of the workers to bring our circumstances to the attention of the authorities.

C. THE EVENTS OF 1987

11. In 1987 the workers were involved in a strike.
12. During the course of the strike, the striking workers were attacked.
13. Police and members or supporters of the Inkatha Freedom Party ("IFP") were involved in the attacks.

14. There was also involvement by the companies concerned in the circumstances surrounding the attacks.

15. In particular, I understood that instructions had been given which resulted in, or facilitated, the use of the police and/or IFP against the striking workers.

16. I distinguish between matters which I personally witnessed and matters which I learned from other workers or other persons.

17. To the extent that my evidence concerning the instructions given by the companies is based upon information obtained from other persons, I will identify those persons and the circumstances in which I obtained that information to the extent that I am able to do so.

18. The events resulted in numerous deaths and injuries.

19. I have referred to the number of workers killed as being approximately 77.

20. My recollection of that number is based upon what I understood at the time concerning the number of workers who had been killed. I do not ask the Commission simply to rely upon my present recollection.

21. I understand that the original communication which I sent to the TRC contained a list of persons who had been injured and killed.

22. I respectfully submit that the original communication and its accompanying list should be obtained from the TRC records so that the number and identities of the persons concerned can be independently established.

23. There is also documentary and other evidence concerning the circumstances in which the police and the companies became involved in the events. I respectfully request that such evidence be considered by the Commission when determining what occurred.

D. THE KILLING OF NDIKO MARHUME AND MY APPROACH TO THE POLICE

24. One of the persons killed during the events was Ndiko Marhume.

25. Ndiko was shot and killed.

26. After Ndiko had been killed, I approached Sergeant Botha at the Sasolburg Police Station because I wanted to report the matter and open a criminal case.

27. Sergeant Botha told me that there was no case which I could open there and told me to leave.

28. In the course of the same interaction, Sergeant Botha told me that Ndiko Marhume had not been killed by the police but had been killed by "shock".

29. Sergeant Botha also referred to Ndiko having a bullet wound.

30. I found those statements impossible to reconcile.

31. On the one hand I was being told that Ndiko had not been killed by the police and had died from "shock"; on the other hand there was reference to a bullet wound.

32. I understood from my interaction with Sergeant Botha that the police were not prepared to open a criminal case concerning Ndiko's death.

33. I regarded this as a serious obstacle to our attempts to obtain justice for the workers who had been killed.

34. I presently cannot recall with certainty the precise date of this interaction, whether another person was present throughout the interaction, or whether any written record was made.

35. I nevertheless distinctly remember approaching Sergeant Botha at Sasolburg Police Station for the purpose of reporting Ndiko's death and being told that there was no case which I could open there.

E. OUR CONTINUED ATTEMPTS TO OBTAIN JUSTICE

36. Our efforts to obtain justice did not end with the refusal at the police station.

37. We continued to seek assistance from the authorities.

38. Many of the workers involved had been killed and we had not received the justice or compensation which we believed was due to us.

39. I therefore took responsibility for writing to the relevant authorities and explaining what had happened.

40. Our attempts to obtain justice involved approaching a number of institutions.

41. These included the police, the office of the President, the Free State Premier and ultimately the TRC.

F. MY LETTER TO PRESIDENT NELSON MANDELA

42. In 1996 I wrote to the then State President, Nelson Mandela.

43. In that letter I set out the story of what had happened to the workers.

44. I wrote because our attempts to obtain justice had not succeeded and because we continued to suffer the consequences of what had happened.

45. I received a response from the office of President Mandela.

46. The response referred me to the then Premier of the Free State, Ivy Matsepe-Kasaburri.

47. I understood from that response that the matter had been referred to the Premier and that the matter was expected to be followed up.

48. The Premier did not contact us.

49. To the best of my recollection, she did not contact us during the remainder of her term.

50. If the original correspondence to President Mandela and the response from his office remain available, I respectfully request that they be obtained and placed before the Commission.

G. HOW I LEARNED ABOUT THE TRC

51. I first learned about the TRC through announcements made on Lesedi Radio Station.

52. The TRC was discussed publicly as an institution dealing with people who had suffered under the previous government.

53. It was as a result of what I heard about the TRC that I understood that we could bring our experiences to the Commission.

54. I therefore decided that I should communicate with the TRC concerning what had happened to the workers.

Handwritten signature and initials in the bottom right corner of the page.

H. OUR APPROACH TO THE TRC

55. At or about the time of my correspondence with President Mandela, I also approached the TRC.

56. I sent a fax to the TRC setting out what had happened during the 1987 strike.

57. The communication described the attacks upon the striking workers.

58. It referred to the involvement of the police and the IFP.

59. It also referred to the involvement of the two companies concerned and to the instructions which I understood had been given.

60. The fax contained a list of the persons who had been injured and killed.

61. I was the person who undertook the task of writing the correspondence on behalf of the workers.

62. I sent the communication to the TRC shortly after, or at approximately the same time as, my correspondence to President Mandela.

I. THE TRC REFERENCE

63. I subsequently received correspondence from the TRC.

64. The correspondence was dated 8 May 1998.

65. The TRC reference appearing on the correspondence was:

KZN/smb/104/sb

66. I remember this reference because it was the reference allocated to our matter by the TRC.

67. The date and reference are significant because they provide an identifiable documentary record of our approach to the TRC.

68. I recall the correspondence as indicating that our matter had been taken up by the TRC.

69. I cannot now remember everything that was contained in the letter, and I do not wish to attribute to the TRC wording which I cannot presently recall.

70. I nevertheless distinctly remember receiving the correspondence, the date of 8 May 1998, and the reference KZN/smb/104/sb.

71. I respectfully submit that the original TRC correspondence should be obtained and placed before the Commission so that its precise contents can be considered.

72. In particular, I believe that the TRC record may contain:

72.1 the original fax sent by me;

72.2 the list of injured and deceased workers;

72.3 the TRC's response dated 8 May 1998;

72.4 the record allocating reference KZN/smb/104/sb;

- 72.5 subsequent correspondence concerning the matter;
- 72.6 any statement taken from me or another worker;
- 72.7 any record of an investigation;
- 72.8 any record concerning a proposed visit or engagement with the workers; and
- 72.9 any record concerning the ultimate disposition of the matter.

J. WHAT HAPPENED AFTER THE TRC APPROACH

- 73. We expected that the TRC would engage with us concerning what had happened.
- 74. I recall that the TRC indicated that it would come to us.
- 75. The TRC did not come to us as we had expected.
- 76. I cannot now recall the precise wording or source of the communication in which the TRC indicated that it would come.
- 77. I nevertheless distinctly remember that we expected the TRC to come to us and engage with us concerning our case.
- 78. We did not receive the substantive engagement from the TRC which we had expected after bringing the matter to its attention.
- 79. The matter therefore remained unresolved.

K. THE HISTORY OF OUR ATTEMPTS TO OBTAIN JUSTICE

- 80. Looking back over the history of what happened, our attempts to obtain justice involved a number of institutions.
- 81. We attempted to report the killing of Ndiko Marhume to the police.
- 82. I personally approached Sergeant Botha at Sasolburg Police Station.
- 83. I was told that there was no case which I could open there.
- 84. I was also given an explanation of Ndiko's death which I could not reconcile with the fact that he had suffered a bullet wound.
- 85. We subsequently sought assistance at the highest political level.
- 86. In 1996 I wrote to President Nelson Mandela.
- 87. His office referred the matter to the Free State Premier, Ivy Matsepe-Kasaburri.
- 88. We received no follow-up from the Premier.
- 89. We then approached the TRC.
- 90. The TRC responded to that approach by correspondence dated 8 May 1998, bearing reference KZN/smb/104/sb.
- 91. We expected the TRC to engage with us.
- 92. That engagement did not occur as we expected.

Handwritten signature and initials in the bottom right corner of the page.

93. The matter therefore remained unresolved despite our repeated attempts to bring it to the attention of the authorities.

L. THE SCALE OF THE EVENTS

94. I have previously described the number of workers killed as approximately 77.

95. I understand that the original TRC submission contained a list of injured and deceased workers.

96. I respectfully request that the Commission obtain that list and the underlying TRC file so that the Commission can determine for itself the number of persons killed and injured.

97. I do not ask the Commission simply to rely upon my recollection of the number.

98. The documentary record which we supplied to the TRC at the time should provide an important means of testing and corroborating that recollection.

M. THE RELEVANCE OF THE TRC RECORD

99. I understand that the present Commission is investigating matters concerning the unfinished business of the TRC and the circumstances in which matters which came before the TRC were not brought to completion.

100. Our experience is relevant to that inquiry because we did not fail to approach the institutions of the new South Africa.

101. We repeatedly attempted to obtain justice.

102. We approached the police.

103. We approached the President.

104. We were referred to the Free State Premier.

105. We approached the TRC.

106. The TRC assigned our matter a specific reference number, KZN/smb/104/sb, on 8 May 1998.

107. We expected further engagement from the TRC.

108. That engagement did not occur as we expected.

109. The matter remains unresolved.

110. I respectfully submit that the history of KZN/smb/104/sb should therefore be investigated as part of the Commission's inquiry into the obstruction and failure by the SAPS to investigate and prosecute criminal acts constituting gross violations of human rights, as well as the failure of the TRC to bring those matters to completion as part of its unfinished business.

N. DOCUMENTS AND FURTHER INVESTIGATION

111. I respectfully request that the Commission obtain, where they remain available, the following records:

111.1 my correspondence to President Mandela;

111.2 the response from the Presidency;

- 111.3 the referral to the Free State Premier;
 - 111.4 correspondence involving the Free State Premier;
 - 111.5 correspondence concerning attempts to report the crimes to the police;
 - 111.6 records concerning the death of Ndiko Marhume;
 - 111.7 the original TRC submission;
 - 111.8 the list of injured and deceased workers;
 - 111.9 the TRC correspondence dated 8 May 1998;
 - 111.10 the complete file bearing reference KZN/smb/104/sb;
 - 111.11 any subsequent TRC records concerning the investigation, hearing, referral, reparations or closure of the matter; and
 - 111.12 any other records generated by the State, the TRC or other institutions in response to our attempts to obtain justice.
112. I believe that these documents will assist the Commission in determining what happened not only to the workers, but also to the attempts which we made to obtain justice.

O. CONCLUSION

- 113. The events of 1987 did not end when the violence ended.
- 114. We continued to seek justice.
- 115. I personally attempted to report the killing of Ndiko Marhume to the police.
- 116. I was told that there was no case which I could open at Sasolburg Police Station.
- 117. I was given an explanation of his death which I could not reconcile with the fact that he had a bullet wound.
- 118. I subsequently wrote to President Nelson Mandela in 1996.
- 119. His office referred the matter to the Free State Premier.
- 120. We received no follow-up from the Premier.
- 121. I subsequently approached the TRC.
- 122. The TRC correspondence dated 8 May 1998 bears the reference KZN/smb/104/sb.
- 123. We expected the TRC to come to us and engage with us concerning our case.
- 124. That did not happen as we expected.
- 125. The matter consequently remained unresolved.
- 126. I make this affidavit so that the Commission has my account of the events and, importantly, so that the documentary trail created by our repeated attempts to obtain justice can be investigated.
- 127. I respectfully submit that the history of those attempts is relevant to understanding how a matter involving serious violence against workers could remain unresolved despite repeated

Handwritten signature and initials in the bottom right corner of the page.

attempts by the victims to bring it before the institutions established to provide justice and redress.

DEPONENT: Lenning Makhiwane.
LENNING MAKHIWANE

Thus signed and sworn to before me at Zamelobu SAPS on this
31 day of August 2026, the Deponent having
acknowledged that he knows and understands the contents of this affidavit, that he has no
objection to taking the prescribed oath, and that he regards the oath as binding on his
conscience.

COMMISSIONER OF OATHS: T. T. Mokoena

Dear Hilda,

Request for a Meeting

I am writing to follow up our telephone discussion regarding the correspondence between Khulumani Support Group and the Head Office of SASOL Ltd, which commenced in March 2006. The request comes out of a process in which we are engaged in seeking to find redress for workers who have skills and who have lengthy service records with SASOL in the past. The attached documents testify to these concerns.

We are very anxious to make progress in this regard. We trust that a date will be set for the requested meeting before the end of May 2006, as discussed on the telephone.

Looking forward to hearing from you.

Yours sincerely,

Dr Marjorie Jobson
Acting Director, Khulumani Support Group

Dear Mr Davies,

re: A Request for a Meeting

I am writing in my capacity as Acting Director of the Khulumani Support Group to request a meeting with the appropriate management representatives of SASOL to discuss possible ways in which the SASOL Ex-Workers who had significant work records of between 20 and 35 years of service to SASOL, could be accommodated within SASOL's SMME programmes.

The background to this request is that these former workers of SASOL 1, NATREF and FLUOR participated in a legal strike that commenced on October 1, 1987. All the workers lost their employment as a result of the strike. Seventy-seven of the strikers lost their lives in police action at the time. The group of almost two thousand workers have lived in conditions of deep adversity since these events took place eighteen years ago. Families were unable to educate their children; many marriages broke up under the strain of the unemployment of their breadwinners and many of the workers lost their mortgaged homes. The group of ex-workers has remained organised and are committed to finding some way to redress what happened to them. There has been a great deal of publicity around SASOL's Black Economic Empowerment initiatives. We see these ex-workers as a pool of trained workers whom we believe, should be considered for assistance in starting SMME's related to the industry.

We are therefore kindly requesting an opportunity to meet with Mr Davies as Chief Executive Officer of SASOL and / or other members of Senior Management to take forward these possibilities that would redress what is perceived as a shameful event in the history of SASOL. The participants in the meeting would be two representatives of the SASOL ex-workers' committee; two representatives of Khulumani Support Group and two representatives of the Benchmarks Foundation. This letter follows our letter of March 21, 2006, to which we have as yet received no reply. Thank you for your consideration of our request. We look forward to hearing from you.

Yours sincerely,

Dr Marjorie Jobson, Acting Director, Khulumani Support Group
(012) 460 7390 and 082 268 0223

Dear Mr Davies,

re: A Request for a Meeting

I am writing on this National Human Rights Day in my capacity as Acting Director of the Khulumani Support Group, the membership organisation of 48,000 survivors and victims of apartheid-era violations. Amongst our membership are the SASOL1, NATREF and FLUOR Ex-Workers who participated in a legal strike that commenced on October 1, 1987. These ex-workers had employment records amongst themselves of between 20 and 35 years of service to the company. Seventy-seven workers died in riot police action taken against them despite the legality of the strike. The remaining around two thousand workers have lived in conditions of deep adversity since their dismissal eighteen years ago. Families became unable to educate their children due to the unemployment of their breadwinners. Many marriages broke up under the strain of unemployment. Many ex-workers lost their mortgaged homes.

The group of ex-workers has remained highly organised and committed to securing some form of redress. They have pursued various avenues in their pursuit of justice. To date, their concerns have not been addressed. We are kindly requesting an opportunity to meet with yourself as Chief Executive Officer of SASOL at your Head Office in Rosebank, Johannesburg at soon as possible.

MEMBERS OF THE BOARD

Maggie Friedman; Shirley Gunn; Brandon Hamber; Marjorie Jobson; Kabelo Lengane;
Tlthoki Mofokeng; Musa Ndlovu; Luke Pato; Paul Verryn

The participants in the meeting would be two representatives of the SASOL ex-workers' committee; two representatives of Khulumani Support Group and two representatives of the Benchmarks Foundation.

We are aware of the proposals by SASOL to establish black economic empowerment SMMEs that have received a great deal of publicity in the media. We believe that the inclusion of SASOL's ex-workers in these plans might be one way in which the harm that they have experienced, might be redressed.

Thank you for your consideration of our request. We look forward to hearing from you. We will be following up our request telephonically within seven days.

Yours sincerely,

Dr Marjorie Jobson, Acting Director, Khulumani Support Group

Demands From Ex-SASOL One & Natref Employees (Sasolburg) To
The President: Mr. Thabo Mbeki

- To put pressure on Mr. Olivier – Sasolburg Police station commander about the delay in the investigation about the involvement of the S.A Police in the 1987 during the wage strike which caused the death of people and one of the striker shot and he lost an eye.
- We are pleading to the President to re-open this case again since the previous Judiciary threw it away unfairly.
- Our case has been registered by T.R.C KZN / SMB / 104 / SB up to now we heard nothing from T.R.C our human rights were violated by these two said companies plus SA Police and the company's vigilantes.
- No compensation was given to the old people who worked 20-35 years in these companies as per attached list.
- Since most of us are unemployed from 1987 we applied for grants from Welfare Dept. in Johannesburg Ref: W1 / 1-20 June 1997 – Bennett Sediane up to now we heard nothing from Welfare Dept.
- People are been continuously evicted from their house because of the unemployment here at Sasolburg caused by these two said companies we therefore appeal with your office to help while this case is still being investigated.
- Similar case happened in 1985 in Durban and in turn the Bloemfontein Appellate Division overturned the decision of the L.A COURT, the workers were reinstated. Will you please do some follow up.

DEAR SIR

I WOULD LIKE TO ASK FROM YOUR DEPT, THAT WE THE COMMITTEE OF EX-WORKERS GROUP PLUS OUR RE PRESENTATIVES PLEADING THAT THE PRESIDENT'S OFFICE SHOULD ASK FOR AN URGENT MEETING WITH SASOL C.E.O. ON THE 19 MAY 2006 WE HELD A MEETING WITH SASOL MANAGEMENT ABOUT THIS MATTER OF US, AT WHICH SASOL REQUESTED CONCRETE PROPOSALS. WE RESPONDED BY SUBMITTING PROPOSAL AS A BASIS FOR DISCUSSION AND NEGOTIATION ON THE 21 JUNE 2006. THERE WAS NO RESPOND FROM SASOL MANAGEMENT TILL TO-DAY. SO, WE ARE PLEADING TO THE OFFICE OF THE PRESIDENT PLUS THE MINISTER'S OF LABOUR OFFICE TO FOLLOW-UP THIS MEETING.

THANKING YOU FOR YOUR ATTENTION

Dear Mr Makhiwane

RE: ACKNOWLEDGEMENT OF YOUR COMPLAINT

This is to inform you that we have received your letter addressed to the President in which you raise a concern about lack of justice in the case of SASOL ex-miners killed by security forces. We have taken note of your complaint and will be taking this matter up with the relevant authorities.

We will keep you posted on progress in this regard and would also encourage you to contact us on 012 300 5299.

Kind regards

Re: Ref KZN/SMB/104/SB – 08 -05 - 1998 TRC Ref: No:

Attached is the story which happened to us here at Sasolburg (Zamdela Township). All the relevant persons in the President Office responded to our letters and their promise were not fulfilled. Worse of it, we even wrote to Mr. Mbeki in the year 2000 informing him about the matter which happened to us but he never responded to us even writing to us informing us that he received our complain. He never wrote to us like Mr., Mandela, wrote to us promising us that he will follow-up our matter, but nothing happened Mr. Zuma also wrote to us promising us that he will follow-up the matter, but nothing happened. We even thought that it might happen that Sasol bribed them. Why they did not act against Sasol. We wrote to TRC informing them about the story which happened to us 1987, they responded by giving us TRC Ref: No: KZN/SMB/104/SB – 08 -05 - 1998 but nothing happened after that.

Mr. Mbeki failed us, even writing to us telling us that he received our complain, he never did that. The whole State President showed us that there is possibility that he worked hand in hand with Sasol one company & NATREF Company.

Now we are pleading to ~~Mrs. Zuma~~ to follow this matter of us, what happened of Marikana is similar to the one which happened in Sasolburg 01/10/1987 where 78 employees were shot dead by SA Police who were called by the two companies' management to shoot and kill the striking workers. We even did not get a chance of taking our kids to school because no compensation was paid to us. We can also be very happy if ~~Mrs. Zuma~~ can come or send someone to come and hear this sad story from the horse's mouth.

I can be contacted at the above mentioned cell number or email address.

Thanking you for your attention

Yours Faithfully,
Lenning Makhawane
